TENTANG KAMI ABOUT US

Perjalanan PT. Parahita Perima Sentosa (PPS) di industri garmen dimulai pada tahun 1990 dengan memproduksi berbagai macam pakaian untuk toko ritel. Di awal 2010 PPS mengembangkan lini bisnisnya sebagai penyedia jasa seragam perusahaan. Bertempat di daerah Tangerang, Indonesia, PPS saat ini memiliki kapasitas produksi mencapai 10 ribu pakaian per bulan.

PT. Parahita Perima Sentosa (PPS) in the garment industry started in 1990 by producing a wide range of clothing for retail stores. In early 2010 PPS developed its business line as a provider of corporate uniform services. Located in the Tangerang area, Indonesia, PPS currently has a production capacity of up to 10 thousand clothes per month.

VISI / VISION

Menjadi perusahaan garmen penyedia jasa seragam perusahaan terbaik dan terbesar di Indonesia.

Become the best and largest garment service provider for corporate uniforms in Indonesia.

MISI / MISSION

Menciptakan seragam untuk konsumen dengan mementingkan 4 poin utama: Kualitas, Harga, Waktu, dan Pelayanan.

Creating uniforms for consumers by prioritizing 4 main points: Quality, Price, Time, and Service.

KEMEJA SHIRT

Merupakan model seragam yang paling banyak digunakan baik untuk perusahaan, lembaga pemerintah, sampai komunitas. Adapun bahan kemeja juga digunakan untuk pakaian keselamatan kerja lapangan, karena material yang kuat.

It is the most widely used uniform model for companies, government agencies, and communities. The shirt material is also used for field work safety clothing, because the material is strong.

KAOS & POLO SHIRT

T-SHIRT & POLO SHIRT

Untuk yang ingin memiliki kesan rapih namun santai, polo bisa menjadi pilihan seragam perusahaan, selain juga untuk pakaian olahraga seperti golf dan tenis. Sedangkan kaos diperuntukan sebagai pakaian event karena bahan yang tipis dan nyaman.

For those who want to have a neat yet relaxed impression, polo can be an option for corporate uniforms, as well as for sportswear such as golf and tennis. While the t-shirt is intended as event clothing because the material is thin and comfortable.
